

The Alumni  
Insurance  
Program®

# The Alumni Insurance Program has expanded!

**The Alumni Insurance Program** has expanded and now offers Supplemental Insurance Plans through Aflac. These plans help provide protection for Accident, Cancer and Critical Illnesses.

Our plan portfolio is as broad as your needs, with individual insurance policies that help cover the expected—and unexpected—that's sure to come life's way.

## What is Supplemental Insurance?

Major medical coverage only goes so far, and even with it, you could still owe thousands in out-of-pocket costs that you didn't plan for.

Aflac's supplemental insurance plans are designed to help fill that financial gap, with cash benefits paid directly to you, unless otherwise assigned, to help cover out-of-pocket expenses in the event of a covered accident or illness.

Use this extra cash to help pay for your deductibles, copays, and prescriptions, as well as the costs associated with missing work or managing a household while recovering.

AFFINITY

The Alumni Insurance  
Program is administered  
by USI Affinity.
